CONTRACT CLAUSES

The total price quoted for O&M by the bidder will be divided in 5 (five) installments which are mentioned in B.O.Q. The contract value quoted by the Bidder will include cost of O&M of Faecal Sludge & Septage treatment plant and allied works and all other costs including labour, material and others, as needed. No claims for additional payment will be entertained. The payment would be made as follows:

Clause1: Bill to be on Printed form
 The Contractor shall submit bills on printed form, which will be furnished subsequent to selection of the contractor. The charges to be made in the bills shall always be entered at the rates specified in the tender at the rates here in after provided for such work.

Clause2: Works to be executed in accordance with specifications, drawings order etc.
 The Contractor shall execute the whole and every part of the work in the most substantial and workmanlike manner, and both as regards materials and every other respect in strict accordance with specifications.

Clause3: Medical Aid to labor
 The Contractor shall be responsible for and shall pay the expenses of providing medical aid to any workman whom may suffer a bodily injury as a result of an accident. If such expenses are incurred by the EMPLOYER the same shall be recoverable from the Contractor forthwith and be deducted without prejudice to any other remedy of Government from any amount due or that may become due to the Contractor.

Clause4: Safety Equipment's
 The Contractor shall provide all necessary personal safety equipment and first aid apparatus available for the use of the persons employed on the site and shall maintain the same in condition suitable for immediate use at any time and shall comply with the following regulations in connection therewith.

The workers shall be required to use the equipment's so provided by the Contractor and the Contractor shall take adequate steps to ensure proper use of the equipment by those concerned.

When work is carried on in proximity to any place where there is a risk of drowning all necessary equipment shall be provided and kept ready for use and all necessary steps shall be taken for the prompt rescue of any person in danger.

Adequate provision shall be made for prompt first aid treatment of all injuries likely to be sustained during the course of the work.

Clause5: Labor Act
 The Contractor shall duly comply with the provisions of The Apprentices Act, 1961 (III of 1961), the rules made thereunder and the orders that may be issued from time to time under the said Act and the said Rules and on his failure or neglect to do so he shall be subjected to all the liabilities and penalties provided by the said Act and said Rules.

Clause6: Dispute Resolution
 Any dispute arising between ZP Urban Local Body and Contractor regarding the Contract terms and conditions would be aimed to be resolved through mutual discussions. If the discussions fail to produce a resolution, the dispute shall be subject to the court in ZP jurisdiction.

Clause7: Electric Power & Water Supply
 Arrangement for Electric Power connection and water supply to be made by the ZP.

Clause8: Damage by Floods or Accidents
 The Bidder shall take all precautions against damage by floods or tides or from accidents etc. No compensation will be allowed to the Bidder on this account or for correcting and repairing any such damage to the work during construction. The Bidder shall be liable to make good at his cost any plant or material belonging to the Government lost or damaged by floods or from any other cause while in his charge.

Clause9: Defect Liability Period
The Defect liability period of the project work is of 5 (five) years after the completion of all project works.

Clause10: Extension of time
If the Bidder shall desire an extension of time, he shall apply in writing to the Engineer-In-Charge before the expiry of 30 (thirty) days from the date on which he was hindered or on which the cause for asking for extension occurred. If the Engineer-In-Charge or the Secretary, as the case may be, is of the opinion that there were reasonable grounds for granting an extension, then he may grant such extension as he thinks necessary or proper. The decision of the Engineer-In-Charge in this matter shall be final.

Clause11: Termination
The Employer may terminate the contract if the other party causes a fundamental breach of the contract. Fundamental breaches of contract include, but shall not be limited to the following:
The contractor stop work for 28 days & stoppage has not been authorized by the engineer.
The contractor has become bankrupt or goes into liquidation other than for reconstruction or amalgamation;
The engineer gives notice that a failure to correct a particular defect is a fundamental breach of contract & the contractor fails to correct it within a reasonable period of time determined by the engineer.
The contractor does not maintain a security which is required;
Notwithstanding the above, the Employer may terminate the contract for convenience.
If the contract is terminated the contractor shall stop work immediately, make the site safe & secure & leave the site as soon as reasonably possible.
Termination at will.

If.....
ZP need to terminate the Contract for causes unrelated to those given above, it will be treated as 'termination at will' and the following clauses will apply:

A notice of termination shall be required to be given [three months] before such termination at will.
The payment for the completed Work and the Security Deposit deposited with the ZP will be given back to Contractor. However, any amounts due to the ZP from the Contractor shall be set off against Security Deposit and in the event such amount is in excess of the Security Deposit/ Performance Guarantee, the excess amount shall be treated as an amount due towards the ZP.

Clause12: Payment upon Termination

If the contractor is terminated because of a fundamental breach of contract by the contractor, the engineers shall issue a certificate for the value of the work done less advance payment received up to the date of the issue of the certificate, less than other recoveries due in terms of the contract, less taxes due to deducted at sources as per applicable law.

If the contract is terminated at the Employer's convenience, the engineers shall issue a certificate for the value of the work done, the responsible cost of removal of equipment, repatriation of the contractor's personal employed solely on the works & the contractor's cost of protecting & securing the work & less advance payments received up to the date of the certificate, less other recoveries due in terms of the contract & less taxes due to be deducted at sources as per applicable law.

Clause13: The materials not conforming to the required standard or Specifications shall be removed at once from the Site of Work by the Bidder at his own cost. All the electrical and mechanical components shall conform to the relevant I.S (Indian Standard) code specification.

Clause 14: The Bidder shall construct at its own cost shed/ sheds for storing materials as per the direction of the Secretary, ZP. Such constructed shed shall be removed on completion of Work.

Clause 15: The bidder shall make its own arrangements for the safe custody of the materials brought by it on Site of Work.

Clause 16: The charges for conveying of materials from the place of purchase by the Bidder to the Site of Work and the actual spot-on Work Sites shall be entirely borne by the Bidder. No claim on this account shall be entertained.

Clause 17: Separate register for Site Visit/ Instruction which are given by Secretary or Architect or Engineer of ZP Municipal Council, shall be maintained by the Bidder

Clause18: The Bidder shall provide regular technical person on Site.

Clause19: Bidder will not be entitled for price variation claim.

Clause20: The Municipal Council shall not be responsible for the loss in mechanical parts, equipment's and electrical item during transit to Work Site.

Clause 21: O&M Period: For the O&M Period, the Bidder shall be paid the total price quoted for the Operations Services by way of 5 (five) instalments which are mentioned in B.O.Q.

Clause 22: Completion:

As soon as the Build Service has, in the opinion of the Bidder, been completed in accordance with the scope of work and Technical Standards specifications, excluding minor items not materially affecting the operation or safety of the Faecal Sludge & Septage treatment plant and has satisfactorily passed all necessary tests on Commissioning, the Bidder shall notify the ZP in writing (the "Notice of Completion") and provide the as-built Documents.

The ZP shall, not later than 30 (thirty) days after receipt of the Bidder's notice either issue a Completion Certificate starting that the Faecal Sludge & Septage treatment plant has reached completion as of the date of the Bidder's notice or notify the Bidder in writing of any defects or deficiencies or both. If the ZP is not satisfied that the Build Service is complete, the ZP shall notify the Bidder in writing of any defects or deficiencies not later than 7 (seven) days after receipt of the Notice of Completion.

If the ZP notifies the Bidder of any defects or deficiencies or both, the Bidder shall then correct such defects or deficiencies, and shall repeat the procedure.

If the ZP is satisfied that the Design-Build Service has reached completion, the ZP shall, not later than 7 (seven) days after receipt of the Bidder's repeated Notice of Completion, issue a Completion Certificate starting that the Design-Build Service has reached Completion as of the date of the Bidder's repeated Notice of Completion.

If the ZP fails to issue the Completion Certificate and fails to inform the Bidder of any defects or deficiencies 14 (fourteen) days after receipt of the Notice of Completion or 7 (seven) days after receipt of the Bidder's repeated Notice of Completion, then the Build Service shall be deemed to have reached Completion as of the date of the Notice of Completion or repeated.

Clause No: 23 Commissioning and Operational Acceptance Commissioning of the Faecal Sludge & Septage treatment plant shall be commenced by the Bidder immediately after issue of the Completion Certificate by the Engineer-In-Charge.

Tests on Commissioning

The necessary test shall be conducted by the Bidder during Commissioning of the Faecal Sludge & Septage treatment plant and all allied works to ascertain whether the Faecal Sludge & Septage treatment plant or the relevant part can attain the technical standards as required in the Contract. The Bidder's and Engineer-in-charge's advisory personnel shall attend the Tests on Commissioning, and shall advise and assist the ZP. The ZP shall promptly provide the Bidder with such information as the Bidder may reasonably require in relation to the conduct and results of the Tests on Commissioning, and any repeats thereof.

If for reasons not attributable to the Bidder, The Tests on Commissioning of the Faecal Sludge & Septage treatment plant cannot be successfully completed within 21 (twenty-one) days after the period from the date of completion specified or any other period agreed upon by the ZP and the Bidder shall be deemed to have not fulfilled its obligations with respect to the tests on Commissioning.

Operational acceptance

Operational acceptance shall occur in respect of the Faecal Sludge & Septage treatment plant when the Tests on Commissioning have been successfully completed.

At any time after the successful completion of the Tests on Commissioning, the Bidder may give a notice to the ZP requesting the issue of an operational acceptance certificate ("Operational Acceptance Certificate") in respect of the Faecal Sludge & Septage treatment plant.

The ZP shall, after consultation with the experts, and no later than 7 (seven) days after receipt of the Bidder's notice, issue an operational Acceptance Certificate.

If within 7 (seven) days after receipt of the Bidder's notice, the ZP fails to Issue the Operational Acceptance Certificate or fails to inform the Bidder in writing of the justifiable reason why the ZP has not issued the operational Acceptance Certificate, the Faecal Sludge & Septage treatment plant shall be deemed to have been accepted as of the date of the Bidder's said notice.

Clause No 24: Insurance policy

..... ZP shall take out necessary Insurance Policy/ Policies so as to provide adequate insurance cover. The insurance should cover for the following:

- Loss of or damage to the civil and mechanical and electrical equipment supplied/installed including the materials such as pipes, valves, specials etc. brought on site;
 - Loss of or damage to Bidder's equipment including his vehicles;
 - Loss of or damage to property (except the work, plant material and equipment) in connection with the Bidder;
 - Loss of or damage to property (except the work, plant material and equipment) in connection with the Bidder; and
 - Personal injury or death due to vehicles of the Bidder and/or due to any accident that may arise at or around Site to the Bidder's personnel or to the ZP staff or to any other person connected with ZP Bidder.
- Policies and certificate of insurance shall be delivered by the Bidder to the Engineer for the Engineer's approval before the date of actual starting of Work. All such insurances shall provide for compensation to be payable in the types of proportions of currencies required to rectify the loss or damage incurred.
- If the Bidder does not produce any of the required policies and certificates, the Engineer may affect the insurance for which the Bidder was responsible.

The minimum insurance cover for loss and damage to physical property, injury and death shall be 10% (ten percent) of the Contract cost per occurrence with number of occurrences as 4 (four). After each occurrence the Bidder shall pay additional premium necessary so as to keep the insurance policy valid always till the defect liability period is over.
Contractor's all risk (Bidder's all risk policy) insurance will have to be taken before start of the Work.

Clause No 25: Commissioning and trial run of Faecal Sludge & Septage Treatmentplant

The plant shall then be on trial operation of 30 days during which period all necessary adjustments shall be made while operating, over the full load-range enabling the plant to be made ready for performance and guarantee tests. The contractor shall provide necessary staff. The trial operation shall be considered successful, provided that each item of the equipment can operate continuously at the specified characteristics, for the period of Trial Operation. Bidder shall be responsible for carrying out all the necessary pre-commissioning tests. On completion of inspection, checking and after the pre-commissioning tests are satisfactorily, over the complete plant shall be placed on initial operation during which period the complete equipment shall be operated integral with sub-systems and supporting equipment as a complete plant.

Any special equipment, tools and tackles required for the successful completion of the performance and guarantee tests the contractor will provide this free of cost.

The contractor during the performance and guarantee tests shall provide the guaranteed performance figures of the equipment. Should the result of these tests show any decrease from the guarantee values, the contractor shall modify the equipment as required to enable them to meet the guarantees. In such case, performance and guarantee tests shall be repeated within one week from the date the equipment is ready for re-test and cost for modifications including labor, materials and the cost of additional testing to prove that the equipment meets the guarantees, shall be borne by the contractor.

At the end of every year of operation & maintenance period, an assessment of the condition of the plant has to be done by the Bidder through third party inspection at his own cost and based on that assessment the Bidder shall, at no extra cost to the ZP, repair and re-condition all the mechanical equipment in the concluding year of the O&M contract to a condition so that they are in running condition with regular preventive and recommended maintenance as per manufacturer's recommendations or as per CPHEEO manual.

Variability of Throughput: If the quantity of treated septage from the Plant increased in the existing system without impacting the annual fixed costs to the Bidder, the Bidders shall comply with such requirements.

TESTS TO BE CARRIED OUT DURING O&M PERIOD

Sampling and testing to be carried out as per CPHEEO guideline. Tests are to be carried out under the supervision of qualified staff and as per instructions of the Engineer-in-charge. The responsible employee of the contractor will indicate the details of sample location, timings on the sample template. The Bidder should get analyzed / checked the untreated as well as treated septage and effluent samples and tested in approved government laboratory at his own cost. The ZP Vigilance testing charges for samples directly collected by ZP are also to be borne by the Bidder. During routine monitoring, samples of influent, effluent as analyzed based on the Analysis Schedule given in the following Table for the given parameters.

Sr.No	Description of Sample	Frequency	Location of Sampling	Type of Sample	Test Parameters
1	Influent septage	Two times in a month	Before screening	Grab	Temp, pH, BOD, COD, TSS, VSS, Alkalinity, Sulphate, Faecal Coliform, total Coliform
2	Treated Effluent Wastewater	Two times in a month	After treatment unit	Grab	Temp, pH, BOD, COD, TSS, VSS, Alkalinity, Sulphate, Faecal Coliform, total Coliform
3	Treated Septage/Sludge	Two times in a month	After treatment unit	Grab	Moisture content, NPK Value
4	Treated Septage/Sludge	One sample in every Six months	After treatment unit	Grab	Helminthes Eggs

Test parameters of treated quality shall be within the prescribed limits as issued by West Bengal Pollution Control Committee for STP/FSTPs.

Staff

The Bidders shall mention the number and nature of personnel required for O&M in his bid. Non-employment of those personnel during O&M as per the Bid will lead to imposition of penalty as mentioned in Contract data.

Reporting

The Bidder at its own cost will prepare and paint daily and monthly reports (in approved ZP format) of pumping/treatment and project performance and submit to the ZP and will assist the department in preparing the necessary documents for their purpose and record as per proforma given from time to time. The reports shall contain, inter-alia, the following:

Raw Septage quantity and quality and effluent quality as per the monitoring format and other tests as specified in this section shall be submitted to Engineer-in Charge. Treated quality to septage and effluent as per monitoring format and shall be submitted to Engineer-in charge. The plant manager shall verify the daily record as well as the calculations and shall be responsible to generate further data using these.

A description of the maintenance work carried out in the reporting period.

A report on major failures, if any, their causes and remedial action taken.

Sludge quality and quantity (daily basis) in the reporting period.

Power and chemicals consumed in the reporting period.

An inventory of the chemicals and spare parts available at the end of the reporting period.

O&M staff deployed by the Bidder during the reporting period.

Any major repair works, if any.

Bidder is required to maintain separate register/computerized records at all sites of following information:

Pumping register

Quantity of septage/sewage treatment and performance register

Working hours register

Electric breakdown register

Maintenance register

Staff attendance register

Site Order Book
Site order book shall be kept by the Engineer-In-Charge at the Plant site. Orders entered in this book by the
..... ZP or his authorized representative shall be held to have been formally communicated to the Bidder.
The
Charge or his authorized representative shall sign each order as it is entered and will hand over the duplicate to the Bidder or
his agent, who shall sign the original in acknowledgment of having received the order.

The
ZP shall have the right to conduct a technical audit of the Plant and to perform any analysis or inspection he deems necessary. The Bidder shall have the right to provide all assistance the ZP required to complete these inspections. Such audits may cover all or any of the obligations of the Bidder, including without limitation, Verification of the system capacity and save for normal wear and tear during the O&M Period. Verification of the performance standards and use of full life of the individual assets of the Facility, save for normal wear and tear during the O&M Period. Verification of the capacity of the Plant to meet output standards during the residual life of the Plant and save for normal deterioration expected during such residual life. Sampling, testing and verification of the output standards for treated septage/effluent. Operation and Maintenance Manual
The Bidder shall prepare a detailed program (referred to as O&M Manual) covering the operation and maintenance of the treatment plants as a whole.

The O&M Manual shall include the daily, weekly, monthly, quarterly, half yearly and annual checks and remedies if necessary to be performed for effective operation of the plant, elaborate details, all operating and maintenance procedures and policies which are required, advisable and/or necessary of the FSTP facility to achieve full compliance with the operational guarantees and to achieve maintenance and repair standard for the Facility which will ensure compliance with the maintenance specification. The O&M manual shall include inter alia full explanation of all plant procedures and processes.

Without limiting the generality of the foregoing, the O&M Manual shall include descriptions, procedures and shall comply with the requirements, set forth in the provisions of the Bid Documents.

The draft of the O&M Manual shall be subject to the review and approval of
ZP, which shall have the right to make any changes and revisions to the O&M manual as it may deem appropriate. The Bidder shall revise such draft O&M Manual prior to the commencement of the O&M period.

At the end of the construction period, the Bidder shall revise the draft O&M Manual to reflect any updates, changes or revisions it deems appropriate, inter-alia based on its experience and as necessary to reflect any modifications or adjustments to the plant.

Without limiting the above, the Bidder shall annually fully review, revise, update and modify the draft O&M Manual as may be necessary or appropriate. Any revision to the draft O&M Manual shall be subject to the review and approval of ZP.

.....
ZP shall have the right to require revision to the draft O&M Manual as it may deem appropriate. The Bidder shall prepare and submit to ZP, for its review and approval, 30 days prior to the proposed date of commencement of O&M, a revised draft O&M Manual which reflects all changes, revisions and modifications. The Bidder shall prepare the O&M Manual, as approved by the ZP, prior to the start of O&M.

TRANSITION PLAN – Taking Over

The transition plans shall include,
Plans to transfer the Faecal Sludge & Septage treatment plant to the subsequent operator as designated by the
ZP;
Transition plans with respect to the Operator's personnel including a plan for transition of the Operator's personnel to a subsequent operator;
A proposed process for the transfer of all Contract records to the ZP;
